

“Call for Presenters”

Proposal System

2018 OAASFEP Title I / Federal Programs Spring Conference

Supporting Student Learning

April 30 – May 2, 2018, Hyatt Regency Columbus

You are invited to submit a proposal to share your work, expertise and knowledge with other leaders from Ohio School Districts, Charter Schools and Institutions. Accuracy and completeness in filling out the electronic form will aid the Planning Committee in giving full consideration to your proposal in addition to adherence to the guidelines below. Proposals must be submitted by December 10, 2017.

Guidelines

1. A presentation team may consist of a maximum of five presenters.
2. Proposals that are submitted by an exhibitor, vendor, publishing company or other similar company needs to be developed, submitted and presented with an Ohio school or school district. They must also be able to share in the presentation how the product or service resulted in school improvement, impacted instruction, changed behavior or assisted with successful reform in a school or district.
3. Proposal must address the “learning targets” for the conference, and should enable participants to gain new knowledge, tools, resources, strategies, practices or perspectives during the session.
4. Provide a presentation title as you would like it to appear in the conference planner or program. Remember to avoid abbreviations and acronyms that may be unclear, and keep in mind that many attendees only read the session titles, not the descriptions.
5. Provide a clear description of your presentation as you would like it to appear in the conference planner or program; three to five succinct sentences are usually enough. Be sure the description clearly identifies who should attend (e.g. Grade K-2 teachers; Elementary Principals), what to expect from the session, and entices or encourages them to attend.
